

The First Edition of the African Conference on High Energy Physics

Tuesday, 24 October 2023

Strong Interaction and Hadron Physics: Strong Interaction and Hadron Physics (10:30 - 10:50)

time	[id] title	presenter
10:30	[98] Recent results from the Belle and Belle II experiments	BRANCHINI, Paolo

Strong Interaction and Hadron Physics: Strong Interaction and Hadron Physics (11:20 - 12:00)

-Conveners: Ibtissam idrissi

time	[id] title	presenter
11:20	[68] Production of muons from heavy-flavour hadron decays in pp collisions at $\sqrt{s} = 13$ TeV with the ALICE detector	SHABA, Tebogo
11:40	[112] Luminosity and inelastic cross section determination for hadronic collisions with ALICE at the LHC	GAGLIARDI, Martino
