

The 6th International Climate Change Conference (CI2C) 2025

Essaouira, Morocco

Saturday, October 18, 2025

Session 15 : Innovation, Technologies, and Local Knowledge (8:30 AM - 10:00 AM)

time	[id] title	presenter
8:30 AM	[195] Techno-Social Solutions for Off Grid Food-Energy-Water (FEW) Challenges: Case studies on off grid wastewater treatment and reuse	LIPCHIN, Clive
8:40 AM	[198] Power Without a Grid: Insights from a Community-Based Off-Grid	ZOHAR, Tali
8:50 AM	[197] Social and Political AgroEcological Solutions in Unrecognized Bedouin Communities in the Negev Highlands: a framework for promoting food security, climate resilience and climate justice	Dr LAVI-NEEMAN, Miri
9:00 AM	[104] Impact of Argon Double Glazing on Greenhouse Microclimate and Energy Efficiency	Prof. BAZGAOU, Abderrahim
9:10 AM	[83] Climate Change Adaptation in Semi-Arid Agriculture: GIS tool of Control of Irrigation management in Converted areas to drip irrigation system	BELABHIR, Afaf
9:20 AM	[99] Experimental analysis of the impact of environmental factors on photovoltaic panel efficiency	Prof. ER-RAKI, Mohammed
9:30 AM	[66] Facile and Low-Cost Preparation of Multilayer Ceramic Membranes Based on Cordierite and Abundant Clay: Application to Dye Removal	BOUTALEB, Mouhssine
9:40 AM	[131] Fostering sustainable education using local offline digital platforms: Towards an eco-responsible and inclusive pedagogy for climate	ELASSASSI, Nadia
9:50 AM	[38] A Comprehensive Approach to Weeding Robot Design: From Functional Analysis to Perception System Testing	AIT HAMMOU, Najia
